**NOVEMBER 9 – 20, 2009**

---

**FEATURING A 5 DAY NILE CRUISE, PRIVATE TIME IN THE GREAT PYRAMID & BETWEEN THE PAWS OF THE SPHINX**

**T**he land of the Nile is not just a place of mystery to be seen, but one to be experienced on a deep and personal level. We shall discover together, through individual and group meditations and initiations inside the temples, the long secret meanings of the ancient Egyptian symbols and gods, how they still today are reflections of inner transformations within us.

The new millennium focuses on the opening of the heart and the empowerment of the woman on all levels of world society. What better way to celebrate our new beginning than with a spiritual trip to the country of the Sun.

We will have two hours of private time in the Great Pyramid and personal group time between the paws of the Sphinx on November 11th. On this very special planetary energy day, our World Light Travel Group will be anchoring a level of the feminine Millennium in a ceremony in the Queen's Chamber.

Like the Seekers of old, we will travel the length of the Nile, from Aswan to the Sphinx and Great Pyramid at Giza following the personal and planetary path of ancient Initiation. By being attuned and healed in the sacred temples, we shall also be helping to energize and heal the

temples themselves. In this process, each site will open up to us on an intuitive level, a rich storehouse of wisdom that speaks to each of us at our level of spiritual awareness.

Through the expertise of our tour speakers, we will also explore the universal ties of the ancient Wisdom of Egypt with Coptic, Hermetic, Essene and Atlantean traditions. We have many very special activities planned that will be unique to this tour, that will bond the spiritual energies of the East and West together in harmony and balance. More than this, on a higher level of perspective, we will be helping to prepare the way for greater events to happen in Egypt in the very near future – the opening of the Great Pyramid and the Hall of Records, time-capsules left to our Age from the distant past, which have yet to be rediscovered, and will be opened only when the right people at the right time are present.

The echo of truth is found deep within the Coptic tradition. Hidden for centuries the esoteric doctrines now bring forth into the new millennium the eternal message of light. Known to the ancient Egyptians as the living principle – 'Imhotep... I come in peace' – and understood today as the 'Universal spirit within', the two principles stand as one.

# AN ADVENTURE TO ANCIENT EGYPT ITINERARY

---

*Goddess Hathor*

## OUT OF EGYPT, I SHALL CALL MY SUNS

### Day 1 - Monday, Nov. 9

We leave JFK at 6:00 p.m. on EgyptAir for an 11-hour non-stop flight to Cairo, Egypt. John Davis of World Light Travels will greet us at the EgyptAir check-in desk. Meals and three movies in flight.

### Day 2 - Tuesday, Nov. 10

We arrive at the Cairo airport at 12:00 noon. Upon arrival at Cairo airport, our *Guardian Travel* tour manager will meet us at the airport and assist us through customs and Immigration. (Individual visa processing in Cairo Airport paid by World Light Travels). We check into the beautiful Meridian Hotel next to the Great Pyramid.

### Day 3 - Wednesday, Nov. 11

We mount our camels for 15 minutes (we're not kidding!) and start our day riding past the Pyramids of Cheops known as the Great Pyramid, Kephren and Kyrinos to the Sphinx which stands guard over them. We explore the surrounding necropolis where over 3,000 tombs of pharaohs, queens, aristocrats and court officials were buried.

Today is our travel group's special prayer day with private time in the Great Pyramid. Our travel group's ceremony in the Queen's chamber helps to activate the Spear of Destiny representing the symbol of the feminine Aquarian Age. Our group will be doing a special ceremony in the King's Chamber commemorating the energies of world peace, world unity and world healing. A wonderful dinner on the Nile completes this beautiful day.

### Day 4 - Thursday, Nov. 12

In the morning, we visit Saqqara symbolized by the great Step Pyramid of Djoser, the personal and planetary throat chakra.

Today, we will visit the *Egyptian Antiquities Museum*, which houses the world's largest collection of relics from Pharaonic times, some dating back 6,000 years. As one

of the largest museums in the world housing some of the oldest relics known, the Cairo museum is one of the highlights of our tour. On the ground floor, enormous sarcophagi and statues from every period of Egyptian history are displayed. You will also see all the magnificent works of gold from King Tutkhamen's tomb. The treasure consists of over 1,700 artifacts exhibited in 12 rooms including fabulous gold statues, jewelry and other works of incredible artist. We fly to Luxor in the evening.

### Day 5 - Friday, Nov. 13

This morning we drive to the *Temple of Hathor at Dendera*. The well-preserved *Temple of Hathor*, goddess of love and beauty, was built during the 1st century BC. The temple of Hathor is one of the finest examples of Ptolemaic architecture in all of Egypt. The site consists of a birthing temple, a sacred lake, several outlying buildings and the main temple. We also visit *Abydos*, one of the ancient spiritual sites in Egypt – symbolic of the God Osiris.

### Day 6 - Saturday, Nov. 14

We check into our beautiful Nile cruise ship. Our destination this morning is the *Valley of the Kings*. We drive across the Nile to the West Bank to the Valley of the Kings and Queens. It was in the Valley of the Kings in 1922 that the *Tomb of Tutankhamun* was discovered. We see the fabulous *Mortuary Temple of Queen Hatsepsut* - a masterpiece of graceful proportions dedicated to the most powerful woman in ancient Egypt. We visit the powerful Karnak Temple in the afternoon symbolizing the solar plexus. One of our most memorable experiences is visiting the statue of Sekmet. Her energy symbolizes the beauty and power of the feminine Aquarian age. This evening we visit Luxor Temple, perhaps the most dramatic in Egypt. Started by Amenhotep III and completed by Ramses II, the temple's massive columns and statues at the fertility shrine of the sun god will remain in our memories for years.

---

---

### Day 7 - Sunday, Nov. 15

A day to relax on our beautiful Nile cruise ship - swim, meditate and sightsee along the magnificent Nile.

### Day 8 - Monday, Nov. 16

This day we take a horse drawn carriage from our cruise ship to one of our favorite places in Egypt, the *Temple of Horus at Edfu*. Horus, the Egyptian Christ figure, is often associated with the sun, is the son of Osiris and Isis and is the god of the sky and the protector of the Pharaoh. This temple is well intact and has a very special spiritual feeling. We sail to *Kom Ombo* and spend our time visiting its famous temple - a well-preserved and unique Greco-Roman temple dedicated to the crocodile and sun gods. This temple is unlike any other monument in ancient Egypt as it is dedicated to two deities, rather than just one. Horus the elder, is the falcon-headed sun god and Sobek, is the crocodile-headed god. The temple's proportions are majestic.

### Day 9 - Tuesday, Nov. 17

Today, we visit Aswan, the site of the Cataract. With the completion of the High Dam and thanks to its superb climate, Aswan has justly acquired an international reputation. For those who love calm and repose, no better place can be found. The city of Aswan is considered the most romantic spot in Egypt to enjoy the beauty of the Nile.

We visit *Philae*, the temple of rebirth. This temple is devoted to mother goddess Isis, consort of Osiris. Like Abu Simbel, Philae Temple was threatened by the rising waters of the Nile. We go through a major spiritual rebirthing initiation here at the beautiful *Isis Temple*.

Today, we also take a sail down the Nile in an Egyptian sailboat known as a felucca boat. We travel across the

Nile to the temple of god Khnum on Elephantine Island, enjoying the breeze and some traditional songs along the way. We view one of the ancient sites of the Biblical *Ark of the Covenant* kept here in the first century.

### Day 10 - Wednesday, Nov. 18

We check out of our Nile Cruise ship and fly back to Cairo. In the morning, we visit the location where Moses was taken off the Nile as a baby. In the afternoon, we visit the marvelous "Mother Mary" Coptic Church in Old Cairo.

### Day 11 - Thursday, Nov. 19

In the morning, we will spend quiet moments of reflection within the Coptic Monastery of St. Macarius, where the remains of John the Baptist and Elisha have been discovered. In the afternoon, we travel on to Alexandria, the ancient crown chakra of Egypt. This beautiful city has represented the passing spiritual and political power including Pompei to Caesar. In 70 A.D., the name of the Essene Order was changed to Coptic when St. Mark was martyred in the Alexandria streets. The city museums reflect the power of the crown chakra with tribute to Zeus, Hercules, Caesar and Aristotle. Jesus is the Christian symbol of the 7th crown chakra level. Taking a full day to experience these initiatory energies is a beautiful process into the little-known mysteries of the crown chakra opening.

### Day 12 - Friday, Nov. 20

Filled with fond feelings for this beautiful ancient land, our EgyptAir flight departs Cairo and arrives at JFK 3:30 pm. Dinner and breakfast will be served during the flight and three movies will be shown.
